October Feast

It's a spectacular time of the year and the local color is now at a peak. Our cover and the photo above reflect some of that beauty which must be seen to appreciate its glory. The elderly housing complex is in the center top of the above photo, and these Rochester residents have one of the finest of views of nature in October. The hues of autumn are most brilliant when the trees are

massed, so some of the finest aspects are to be seen in Rochester behind the hillside fields and behind the farmland plains of Acushnet. Particularly striking is the road around the reservoir in Lakeville, when the sun shines through the foliage. This spectacle is as brief as it is extravagant. Take a short ride and enjoy the feast. It is, perhaps, not as wide or far reaching a canvas as the mountains of New Hampshire but on the smaller scale it is every bit as beautiful.

Mattapoisett Selectmen's Meeting

OCTOBER 14, 1986-by VIRGINIA ARRAL

PLANS FOR CENTER SCHOOL PLAYGROUND PROPOSED

Thomas Grondski, chairman of the Center School Playground Committee, informed Selectmen last Tuesday that the Mattapoisett School Committee has given its approval to the initial proposal for new equipment at the playground.

Grondski estimated the cost for the improvements at $20,000 to $25,000 with volunteer labor. He noted the cost could be reduced with more volunteer labor. No town funds are being sought for the project.

Fund-raising has been progressing satisfactorily, Grondski said. He announced a spaghetti supper to be held from 5:30 to 7 p.m. Friday, October 24th, at Old Hammondtown School. Other events planned include a dance in February and an auction in March.

Grondski said the design work and equipment are being supplied by Columbia Cascade Timber Company. He explained this company sells only

playground equipment constructed of non-toxic pressure treated wood.

Plans include retaining some of the present equipment, especially some that the children love. Some equipment just needs painting or refurbishing, Grondski said.

Among the committee's proposals are: 1. To move the quad-bounder to a position between the "fort" and swings - this will enable a large area of the "fort" to be used for placement of new equipment. 2. Cover the play area with rounded pea-stone to a six inch depth with pressure treated timbers surrounding the stone area. 3. Only new tires are to be used on the tire swings. Used tires impart a dirty black residue on both skin and clothing. Used vehicle tires have an altered composition due to extended exposure to ultraviolet rays coupled with exhaust fumes, petroleum residue and other roadway chemicals, while coatings offer a temporary solution to tire surface degradation: new tires never cause this problem.

Among the equipment proposed to be purchased those selected will depend upon the amount of funds collected. Such items are: one spiral slide (seven feet high); one tube chute, one wave slide, one wide slide (four feet wide); one climbing arch (four feet wide); two tire swings; one or two climbing poles; four or more vertical climbing ladders; two steering wheels; one poly cargo net; one clatter bridge (five feet high); two vertical climbing bars; one vertical safety climbing bars; one log roll; three jump pads and stepping column.

Selectman Frank Suzan asked how stones react in winter with freezing, and if there is any danger to the children. Grondski said Marion has had the stones on its playground for a year and has experienced no problems. Suzan noted he hoped the equipment would be in keeping with a New England village. Grondski confirmed that it will be attractive and not much different in looks from what is there now.

In other business, Selectmen:

NOTED there will be a Household Hazardous Waste Collection Day held from 10 a.m. to 2 p.m. November 15th at the Old Rochester Regional High School parking lot. Chairman of the hazardous waste project Evelyn Pursley urges public cooperation.

AGREED to send a letter to the Superintendent of Old Colony Regional Vocational-Technical High School John Oliveira thanking Instructor Robert Francis and the students of the carpentry department for their construction of a shed to house the Town Hall's emergency generator.

Selectmen noted "once again, the students performed an outstanding job and were most courteous in their manner at all times. You should be extremely proud of your students."

Natalie Sullivan Retires

Story & photo by Virginia Arral

Natalie M. Sullivan is so dedicated to her job as administrative clerk in the Board of Assessors' office that she said she will wait to retire until after the November tax bills go out - but definitely by November 21.

Natalie said the bills should be going out the first or second week in November. "It's so busy then

what with persons coming in to file for abatements and exemptions, I want to work to the last minute to help." Doesn't this comment made us Mattapoisett residents realize why the town is so special - it is made up of special people like Natalie.

Although Natalie makes her home in Marion, she said, "I live and sleep in Marion, but Mattapoisett has been my whole life - the office and the time I've spent here. I have been fortunate to have had great assessors to work for."

Natalie's parents lived in Fairhaven, but Natalie was born in Fall River because at that time that was where the only woman doctor practiced, and Natalie's mother wanted a woman doctor. Mr. and Mrs. Frederick Silsby moved to Lexington when Natalie was a teenager and where she graduated from Lexington High School. Mr. Silsby was a sailmaker. Natalie is also the niece of George Silsby of Mattapoisett.

First hired in 1952 to work part-time copying books and records at a salary that year of $345., Natalie advanced to $535. in 1953. Her first bosses were Assessors Enoch LeBaron Winslow, Anthony J. Sylvia and Virginia O. Mahoney. As far as Natalie could remember. Mrs. Mahoney was the only woman assessor, having taken over the office when her hus-

band, Robert Mahoney, died.

One of her duties when first hired was to compile the tax assessment list and work for the tax collector at the same time. "I had one typewriter that had to be wheeled between two departments for 10 years until the work outgrew that arrangement."

After 34 years in one capacity or another in both the assessors' office and tax collector's office, she has seen the Town Hall change from just a few employees to a full building. "In 1952 there was only an Old Age Office, Selectmen's Office with one clerk and Hallett Winslow and myself working during the day. The Town Clerk only came in Tuesday evenings, and worked the rest of the time at home. The Selectmen handled the town finances until the double entry bookkeeping system was adopted, so we had no town accountant", she explained.

When former treasurer William Hallet Winslow became ill in 1963, Natalie took over as deputy collector and assistant treasurer until the election in the Spring of 1964 when Allen L. Sherman was elected. Than Natalie became the assessors' full-time clerk.

Selectmen Chairman John N. DeCosta commented on Natalie's retirement, saying, "Natalie and I have known each other for many years. During the 34 years of service Nat has given to the town as

Administrative Clerk in the Assessors' Office, she has conducted office procedures in a courteous, efficient and most professional manner. Natalie has assisted, at one time or another, each and every realtor in the town in obtaining assessment information. She is a dedicated employee and will be missed by all in the Town Hall."

Chairman DeCosta added, "I know I speak for the residents of Mattapoisett when I wish Natalie good luck and a healthy and happy retirement."

Most recently in July 1985 Natalie took a 10-week state Department of Revenue course in assessment/administrative/law/procedures/ valuation to update her skills. She noted this is a new requirement for all assessors' administrative clerks.

John Gibbons, chairman of the Board of Assessors, said she has been "a great town servant and will be missed by us all".

She said she lived in Mattapoisett awhile before moving with her husband, the late James Sullivan, to Marion. She added that she attended Fairhaven Junior High School

"My last day will be a sad one, but I'm looking forward to new experiences and will just enjoy being home. There have been loads of fine people who have helped me, and I will miss the people here - the best possible to work with. will go west on Church Street onto Main and Water Streets, north on Barstow Street to the rear of Center School, where the costume judging will take place. Judges will be looking for the most unusual costume. This year in an attempt to make this more of a family affair there will also be one adult prize given out, which will be dinner for two at a restaurant in Mattapoisett (restaurant to be announced at a later date).

Prizes include ten speed bicycles, boom boxes, tricycles and dinner for two. Prize categories are as follows: pre-school; grades 1, 2 and 3; grades 4, 5, 6; first, second and third prize in each group; adult, one prize.

This year judges are Carol Adams, Nancee Brown and Peter Hodges. There will be plenty of candy and treats inside Center School, so please come and let's all have an enjoyable evening. Any person willing to make a contribution may do so by sending their checks to the Police Station, c/o Lt. James Santos, payable to the Mattapoisett Police Halloween Fund. Mattapoisett residents ONLY are eligible for judging of costumes, with proof of residence required.

For Seniors who Live Alone

MATTAPOISETT POLICE DEPARTMENT AND COUNCIL ON AGING ANNOUNCE PROGRAM

Senior citizens who live alone will soon "have a friend" at the dispatcher's desk in the Mattapoisett Police Station under a program announced jointly by the Mattapoisett Police Department and the Mattapoisett Council on Aging. According to Police Chief James Moran, senior citizens who live alone and choose to participate in the program will check in daily (7 days a week) with the dispatcher by telephone at 758-2323 between 6 and 10 a.m. If there is no call by 10 a.m., then the dispatcher will call to see that everything is all right. If there is no answer, a cruiser will be sent to investigate.

Registration for the program will be handled through the Council on Aging office in the Town Hall. Participants will also be encouraged to use the "Vial of Life". Persons who wish to participate will be asked to leave on file their physician's name and the names and tele-

QUESTION:

WHY SHOULD CHILDREN HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because growth and development can be affected by minor bumps, jars and falls.

Every year, thousands of structural health problems in students of grade and high school level go undetected even though teachers, coaches and physical education instructors watch for health irregularities which might interfere with a child's physical performance and learning ability.

Part of their jobs? Not really. It's that extra sense of dedication that makes these already overworked public servants give children that extra attention. The "school guardian" is responsible in many cases for the detection of potential health problems and the funneling of children to proper health authorities.

What most people don't know is that most health problems are far too complex for the teacher to note. And with a busy schedule, the educator can't be expected to have the time to screen problems that are beyond his or her scope of training, no matter how conscientious the teacher may be. The result: many children have health problems that retard their ability to learn or engage in sports effectively.

Here's what you can do:

- Parents should be urged to take more responsibility for their children's health.
- Parents and teachers should be alert to such things as changes in energy level, postural changes, moodiness, listlessness or any unusual signs that signal a problem that will impede learning. One of the observable signs is lack of interest in school activities.
- The structural balance of the child's body should be considered. The school teacher will no doubt note the child's posture, but that does not always indicate the structural integrity of the body. Comprehensive chiropractic examinations, including examinations of the spine, pelvis, neck and limbs should be recommended to avoid developmental problems.
- Incorporate posture awareness programs into your class projects. Write for suggestions and materials.

Spaghetti Supper

PASTA FOR THE PLAYGROUND

Bring the whole family to a Spaghetti Dinner at Old Hammondtown School on Friday, October 24th, from 5:30 to 7:00 p.m. to help raise money to improve Mattapoisett playgrounds. The dinner includes a generous serving of spaghetti, bread, and beverage. A salad bar, donated by the Mattapoisett Inn, will also be available. The price is only $2.50 for adults and $1.50 for children (salad bar $1.00 extra).

A bake table with desserts will be offered too. So, come, eat, have fun, and raise money for the playground.

Tickets will be sold at the door. If you would like to let us know you're coming, call Janice at 758-6541 or Sarah at 758-2613 from 5 to 7 p.m. Anyone wishing to donate

Halloween Safety Tips

Halloween with costumes, trick or treat, and parties is a fun time for children according to Chief Moran of the Mattapoisett Police Department.

In the last few years threats of foreign matters found in apples or other treats created a great deal of fright. Cases were investigated by various area police forces and candy manufacturers and found to be untrue, except when a father in Texas was arrested and convicted for introducing a dangerous foreign substance into a treat.

However, Chief Moran and Safety Officer Stan Ennis suggest to parents that they closely check all treats and discard all unwrapped treats for reasons of discretion and sanitation.

The Chief and the Safety Officer also suggest the following:

1. Accompany the younger children.
2. Eliminate any mask which would restrict vision.
3. Carry a flashlight.

Letters to the Editor

There is considerable misunderstanding about Question 3 on the ballot for November 4th. A "yes" vote on this question does not mean that the State will stop any of the local aid programs. It does not even mean that these programs will be frozen at the present levels. What it does provide is for increasing State Taxes only as fast as wages and salaries grow for all workers in Massachusetts. This is just common sense. A limit of State Taxes which keeps them in proportion to income will prevent the State from spending itself into a crisis the way the Federal government has. You and I can increase spending only as fast as our income increases if we want to be prudent and responsible. That is what question 3 is

all about. If you want prudent and responsible State government, VOTE YES on question 3. A "YES" vote will encourage fiscal responsibility by telling the State lawmakers that their spending cannot grow faster than our own personal budgets.

LETTER TO THE EDITOR

There are those who would have us think that Ballot Question #1 (the Anti-Choice Amendment) pertains only to the Medicaid funding of abortion. If that is the case, then why does the Amendment read "No provision of the Constitution shall prevent the General Court from regulating or prohibiting abortion unless prohibited by the United States Constitution nor shall any provision in the Constitution require public or private funding of abortion or the provision of services or facilities therefore, beyond that required by the United States Constitution. The provisions of this article shall not apply to abortions required to prevent the death of the mother".

At present, the U.S. Supreme Court has upheld Roe v. Wade which states a woman's right to privacy protects

her from government interference with childbearing decisions in the early months of pregnancy. Since the Roe decision in 1973 the court has made decisions which restrict access to abortion due to the changing membership of the court. The membership of the court may change again soon leading eventually to giving state legislatures the right to act on an amendment such as the Anti-Choice Amendment.

Right now there are about 7,000 Medicaid abortions in Massachusetts yearly. Those entitled are the very poor including homeless teenagers, foster children, women in prisons and wards of the state. When Medicaid funding is removed in other states, experience has shown that 1/5 of the potential recipients bear children. Of women who do have abortions, a few are at risk from amateur malpractice.

Removal of Medicaid funding will increase the suffering of poor women and the tax burden for everyone else. A Medicaid abortion in Massachusetts is $177 compared with Medicaid delivery at $2,200 to which add AFDC and other benefits.

In conclusion, if this amendment passes it would eliminate any state protection of a woman's right to choose abortion. Without any change in the federal law, it will deny the neediest women access to abortion, will actually increase the cost of health care and public services as well as diminish the health of infants and mothers. This amendment would give the government a pervasive interest in the reproductive de-

THE ISSUE OF UMPIRES

Kill the Umpire! The phrase has always been part of the sport. Yet do we need that sentiment in the Mattapoisett Little League? The quality of umpires has always been an issue in this league. We have sought trained officials, yet the ability to consistently manage a game leaves much to be desired.

During the last few years we have used umpires from other towns. We felt it gave them objectivity. However, our problems have not disappeared. Although these officials are paid, our salary schedule is 40% lower than New Bedford. They are also having difficulty securing enough quality umpires.

The coaches and the Recreation Commission are investigating a new approach - securing adult umpires

with more available time would certainly be welcome. A training program will be developed as an important part of this system. A competitive fee scale will also be developed.

There are always complaints that Little League falls short of its intended goals. Organized sports programs should teach the values of hard work, team play, sportsmanship and competition. Do you feel that you have a clear grasp of these values and can help pass them along to youngsters? Good! Now is the time to make a small commitment. This type of community service can have a significant impact on these youngsters.

We all teach by example so let's set a good one. If you are willing to join us or would like additional information you may call Barry Haskell, 992-3767; Kevin Dawson, 758-2519; Andy Lynch, 758-4648; Rick DeTucci, 758-9695.

T.V. TURN-OFF WEEK
FUND-RAISING EVENT

During the week of September 22nd the students at Rochester Memorial School participated in T.V. Turn-Off Week, a fund-raising event for the Rochester Memorial School P.T.A. Each student who participated elected to give up a specific number of ½ hour segments of TV viewing, up to 50 hours. They then gathered their sponsors.

As a result of the diligent work and sacrifices of the students, approximately $4,400 was raised for the P.T.A. A committee has been formed by the P.T.A., comprised of Charles Elofson, John LaFleur, Mary True, Roseann Nickel and Gary Cushman, to determine how the money will be spent in order to provide both educational and social benefits to the students. The students have been allowed, via a suggestion box, to also present their proposals for the use of the money they raised. Proposed uses of the money include an audio-video camera, inhouse au-

SUMINAGASHI (FLOATING INK)

The Children's Museum of Dartmouth is offering a free with admission program on Japanese Paper Marbling (Floating Ink or Suminagashi). The Program (for adults only) will be held on Saturday, October 25th, from 1:30 to 3:30 p.m. Come and enjoy this ancient art whose origins are as obscure as are those of western paper marbling. Some authorities place its beginnings in the 9th Century. Others, more recently, suggest the 12th Century. Regardless how this debate is resolved, it is true that there is a document in Japan dated 1118 which contains at least four sheets of "suminagashi" paper. Whatever its origins, the craft clearly predates--if it is not the actual precursor of--western paper marbling.

"Suminagashi" is done by floating inks upon unthickened water and then

EDUCATION ON ADDICTION PROCESS

The Children's Museum will present an afternoon of education on the addiction process and its effects on Sunday, October 26th at 1:30 in the afternoon. The speakers will touch on every aspect of the problem so that even those who are not in direct contact with someone who has this illness will come away with an understanding that they never thought possible. Parents, teenagers, doctors, nurses, educators and employers should not miss this opportunity to become informed about this very important subject by people who know the story. Please don't allow myths or prejudice keep you away.

New Bedford Glass Museum

A reception to honor Roy Wilson, New Bedford's only remaining glassblower, will be held Sunday, October 26th, when a new video show documenting his craft will premiere.

The reception and premiere will be open to the public from 3:30 until 5:30 at the New Bedford Glass Museum, 50 North Second Street. A select exhibition of Mr. Wilson's current work has been mounted in the Glass Museum's Avila Room, where the artist will be appearing. Showings of the video will begin at 3:30, running every twenty minutes.

Roy Wilson's one-man studio, New Bedford Glass Works, is the last successor to New Bedford's 119 year old glass tradition, which began in

1867 with the original New Bedford Glass Works, later known as the Mount Washington Glass Company. The new NBGW, located at 47 North Second Street in the Bourne Auction House, was formerly the site of the Pairpoint Glass Company of Sagamore, which operated from 1978 to 1983.

Roy Wilson has been blowing glass since 1973, when he apprenticed at the Williamsburg, Virginia glassworks. This very traditional style of glassmaking was tempered by Wilson's earlier exposure to ancient and contemporary glass at the Toledo Museum of Art (Ohio), where Wilson had taken art classes as an adolescent. Wilson eventually come to New Bedford, where he was foreman of Bob Bryden's branch operation, The Pairpoint Glass Company of Sagamore. When the New Bedford operation closed in February 1983, Wilson formed his own one-man studio, building much of his own equipment, his "glory-hole", and tools. With a typical nod to tradition, Wilson named his operation after the original New Bedford glass factory, which preceded the more famous Mount Washington and

"THE CHEMISTRY OF FALL COLOR"

The beautiful fall colors have intrigued people probably since the end of the glacial period in North America. The apparently miraculous change from dull green of late summer to reds, oranges and purples of fall is a wonder which residents of temperate climates may take for granted, and yet the fall show of color continues to excite the imagination of artists, poets and scientists.

change color in the fall? The process will be the topic of a free weekly walk at the Lloyd Center for Environmental Studies at 1:30 p.m. on Sunday, October 26th. The subject of the walk, "The Chemistry of Fall Color", begins to tell the tale as to why leaves change color. Dr. Alan Hankin, Executive Director of the Lloyd Center, will lead a walk around the Center's 55 acres of oak, hickory, maple and other hardwoods forest, discussing the variety of factors which cause the beauty of the fall.

A laboratory session will follow the walk with participants able to observe the different pigments which cause the beauty of the fall.

A laboratory session will follow the walk with participants able to observe the different pigments which in various combinations lead to the spectrum of leaf color in the fall. Using chromatography methods each group of pigments can be distinguished and observed.

This weekly walk continues the Lloyd Center's offerings of programs for the public. Although there is no fee for this program, thanks to a contribution of Marianne MacDonald Real Estate, people wishing to participate are asked to please call and register as enrollment is limited.

"ARSENIC AND OLD LACE"

The Southeastern Massachusetts University Theatre Company will present "Arsenic and Old Lace" October 30th and 31st and November 1st and 2nd in the SMU Auditorium. All performances begin at 8 p.m.

The play, written by Joseph Kesselring, is a comedy about two elderly women who spend their time dispatching elderly retired men in a kindly, helpful manner. The laughs begin when their nephew Mortimer discovers his aunts' deeds, and a long lost bizarre relative shows up.

Ticket prices are $4. for the general public; $3. for senior citizens; and $3. ($1 for the Thursday performance) for students with identification cards. For information call 999-8167 or 999-8697. Playgoers should use parking lots 4 and 5.

Director is Angus Bailey. Among

It's Our First Anniversary!

... and we'd like to say Thanks for making our First Year such an exciting, rewarding one. We felt, a year ago, that this area would respond to a shop which offered quality products and processing and competitive prices. We thank you for justifying that belief. To celebrate, we're offering the following **SPECIALS for The Rest of OCTOBER**

1. 10% OFF on any USED EQUIPMENT in stock - (We have a nice selection)
2. A FREE 5 x 7 of any negative with each roll of print film we process.
3. 15% OFF on a select group of KIRON ZOOM LENSES (That's 15% OFF our regular price which is already well below list)
4. 10% OFF on any FRAME in stock (We have Teak, Oak, Acrylic and others)
5. $3.00 OFF any POSTER (20 x 30) from your favorite negative or slide. $2.00 OFF on the smaller poster (12 x 18)
6. REPRINTS OF YOUR FAVORITE PICTURE FOR THIS YEAR'S CHRISTMAS CARD. Regularly $.40 each, now just $.32 each (25 or more) or $.28 each (50 or more).
   Yes, we have cards, too.

THANKS AGAIN FOR A GREAT FIRST YEAR.
WE LOOK FORWARD TO MANY MORE.
Oh, by the way, we'll be serving free coffee and whatever.
Please come say "Hi".
